was well-lived.

“ Wow! I just heard the news about George and I'm in disbelief. I used to work with George at NRL. He used to crack jokes and laugh all the time. He was a real good guy. We talked about everything from school to careers, to even Comicon. He trained me well; taught me about contracts. Made the transition from private sector to government workforce easier for me. Yeah, George you will definitely be missed.

“ George was my uncle and I'm going to miss him alot. George had a heart of gold and everytime we talked on the phone he kept me laughing and was always full of good advice. George always called even if there was nothing at all to talk about its hurts my heart knowing that I wont have conversations with my uncle. George you have been on my mind every day and I just want you to know that I love you and my thoughts of you will never fade.

“ I was so sad and shocked when I was told George passed away yesterday. He made me feel very welcomed when I came to NRL and I was too shy to talk to people. I’ve missed the walks we would take during lunch to get out of the office. He was such an amazing and funny person. Rest peacefully George.

Pria Gross - May 21 at 08:30 PM

“ I met George at NRL on January 17, 2017. I'll never forget that day, he was just so warm and welcoming on my first day. We soon found that we had a lot in common, ie. both of our families were from VA and we like to dance. He was such a great person to me, he was light in the darkness. We would try to do the newest dances out we failed 🤪🤪 However, I always had a blast trying with him. When George seen me down at work he would do anything to lift my spirit. George will be truly missed... our angel . I want to let George's family know that I will continue to keep you all in my prayers and ask God to give you strength to get through this rough time.

“ I am George's cousin Veronica. George was one of my favorite cousins when ever I seen him I knew i was gonna have some laughs. He was so funny I swear, but his dancing oh my god his dancing was life couldnt wait for him to show up to a family gathering so he can show out. I apologize to the family that I wont be able to make it because I rather keep good memories and good images in my head about him. George I love you so much and we will meet again. To Dino I love you too.

“ My heart was broken when I heard the news that George had passed. I have so many wonderful memories beginning with the first day he enrolled at William Monroe. He went from a quiet, shy, humble young man to a rock star. He was loved by many.

Dana Hodges - May 21 at 08:29 AM

“ We've only had the pleasure of working with George for a couple of month's, however we all have talked/seen him around from time to time coming down the hallway with a big smile on his face. A person that will truly be missed. Our prayers are with the Family and special friends that the Lord will hold you up doing this time of bereavement.

“ I just wanna share with you guys how great my brother was. I was a single parent to my daughter Earlisha due to a tragic car accident and her father passed away suddenly. My brother George helped me make sure she was well taken care of ,he worked after school. And made sure she had diapers and clothes, food and when she started school he also did her school shopping, as long as he was around he made sure we wanted for nothing .He was a great brother, father uncle and son and life partner. Im glad we had you for 44 years wouldn't trade a day of it for nothing in this world...I just wanna say to my brother George you are gone but you never will be forgotten, I love you. continue to bring joy to everyone's life in heaven like you did ours ..RIP my brother
